

## Update – 11 March 2021

### COVID protocols have changed!

Based on the direction of the provincial health officer, St Timothy's rector and council have decided that:

**Masks** are not required. Personal decisions to wear or not wear a mask should be respected without judgement. Those who are concerned should feel absolutely free to stay home and worship online or to attend wearing a mask, and/or sit at a distance from others.

**Passing the peace** – We should respect those who maintain distance during the passing of the peace.

**Eucharist** – Clergy will continue to sanitize their hands before celebrating and distributing Holy Communion and we will continue with Holy Communion in one kind for the foreseeable future.
